Re: W292DH (FX), Uniontown, PA  
Educational Media Foundation  
Facility Identification Number: 148658  
Special Temporary Authority  
BSTA-20150814AAN

Dear Licensee:

The request for Special Temporary Authority filed August 14, 2015 for FM translator W292DH seeks to operate that translator from the site and with the facilities specified in construction permit BMPFT-20141015AAN, but at the reduced effective radiated power of 0.1 kW. This translator is presently silent (see silent STA BLSTA-20150616ACY).

STA requests which involve a change in transmitter site must include four critical elements: (1) Loss of the licensed site must be beyond the licensee's control; (2) STA facilities must continue to provide service<sup>1</sup> to the licensed community; (3) STA facilities must maintain, as closely as practicable, the licensed service area<sup>2</sup> without extending it; (4) STA facilities cannot involve the construction of towers intended for permanent use by the station requesting the STA.

Here, the site change distance is such that any STA facility could not provide any level of service to its community of license nor any portion of W292DH's licensed 60 dBu service area. Consequently, this request does not qualify for grant of an STA, and it is DENIED.

Sincerely,

Dale Bickel  
Senior Engineer  
Audio Division  
Media Bureau

cc: Mary N. O'Connor (via e-mail only)
